

# Feather River Stewardship Coalition

Charter Development

# Vision

***“To restore and maintain forest ecosystems, landscape processes and community vitality in the upper Feather River watershed.”***

# Mission

*“The Feather River Stewardship Coalition (FRSC) is a diverse community of willing stakeholders working to improve the ecosystem health of private and public lands within the Feather River Watershed. We work to identify solutions that facilitate productive balance among community, economy and environment.”*

# FRSC Charter

## Charter Observations

- ▶ Link between processes and outcomes are needed.
- ▶ Leadership, trust, accountability (Pinchot Inst.).
- ▶ We are not bound to any one initiative, we can partake in others to “best serve the forest.”
- ▶ Transparency is essential.
- ▶ The volunteer base is saturated, how to address this issue.
- ▶ What is our official identity? Are we incorporated, non-profit, or just an opinion panel?
- ▶ At what point are we an official group?
